

## XV. GARDEN RAILWAY FESTIVAL ON SEPTEMBER 11-12 AT THE HUNGARIAN RAILWAY MUSEUM!

# XV. KERTI VASUTAK FESZTIVÁLJA

---

## 2021. SZEPTEMBER 11-12.

?

The Hungarian and international meeting of the Garden railways has great popularity among the visitors every year. The festival will also include foreign exhibitors representing Austria and Germany. Croatian and Hungarian garden railway vehicle builders will also be present with their miniature copies of diesel, electric and steam locomotives. Visitors will have the chance to try out these small locomotives and travel around the garden railway track dotted with tunnels and ponds in a pleasant, landscaped environment, which offers a unique experience and is recommended to all ages with a good heart!

The Park's interactive services will be also available, such as the turntable, the 1026 steam locomotive, the hand draisine and the newly renovated Tchaika railcar.

In addition to the small locomotives, the visitors can enjoy further FREE programs and activities, such as: treasure hunt in an inflatable arena, face painting and glitter tattoos.

Everyone is welcome to join us on Saturday and Sunday, September 11-12, during opening hours, from 10 a.m. to 6 p.m.

For further information see the Facebook event: <https://www.facebook.com/events/527526715144289>

The event can be visited without a security certificate, and the organizers reserve the right to change the program.
